

## CLASS OF SEVEN GRADUATE

EXERCISES HELD AT THE GRAND OPERA HOUSE FRIDAY.

Literary and Musical Program Carried Through While Large Audience Applauded Orations of Graduates

Not for many years, if ever in the history of Sherman county, has the yearly graduation exercises of the high school been held with such splendid success as attended the class of 1930 at the Grand opera house Friday evening. The event had been looked forward to with interest by many people of the city and county, and when the evening came, the opera house was considerably filled, and the galleries, too, contained a considerable sprinkling of spectators to the annual commencement.

The hall was brilliant with electric lights, the stage was decorated with potted plants. Depending from above the rostrum was the motto of the class in gold letters on blue background, "Unless God be with us, our labor is in vain." The railing around the balcony was tastefully wrapped with blue and gold ribbon, and the colors of the class were everywhere in evidence.

The harmony of the scene was engaging, and when the Goodland Cornet Band, not far from above the "Martha" and "The Soldiers' Chorus" with the sentiment of so laudible occasion, it was the inspiration and impetus to elevate the cause of education among the boys and girls of our county.

The invocation was delivered by Rev. J. Ed Stevens, while Rev. R. A. Staley pronounced the words of benediction. The oration of the seven graduates were interspersed with pleasing musical numbers by the Goodland Male quartette, vocal group of Prof. Mitchell, and piano duet by Misses Clyde Cotton and Clara Thorsen.

The salutatory oration was given by Iri Goodrich. He welcomed the large assemblage in a fitting manner, saying, "We welcome you here tonight to show you in our modest way what progress we have made in our studies, so far as can be expressed by orations upon subjects of interest. He later launched out into his oration entitled, "The Treason of Benedict Arnold." He related the glorious record of America's famous hero and general, and contrasted his mighty height with his mighty fall into shame and regret. He declared the crime was colossal because of the personal grandeur and eminence of the offender. The speaker ascribed the cause of treason to a lack of moral rectitude and goodness in youth, when young Arnold displayed a cruel, and unforgiving nature. His ignominious fall seemed to be the inevitable consequence of a life that is not consecrated to noble, holy purposes.

Miss Clara Thorsen followed Mr. Goodrich with an oration, "Open Sesame." The question asked was, "For what do we begin our own wealth, for knowledge, for pleasure, for wisdom? These human attractions in life were elaborated with wisdom appearing as the grandest of all of man's achievements. Before she reached the climax she quoted, "The force of God in the beginning of wisdom." It was a nice elevation in ascending to the mountain of wisdom, which was said to be the "Open Sesame." Knowing our own power and utilizing them for good constitutes the goal.

"Vale of an Aim in Life" was the subject of Duella's oration. She clearly showed that without a definite purpose, effort is in vain; that every person should begin his own fortune, and by accurate and systematic work endeavor to reach the top. In an oration, "Our Age," Polly Piper expressed fine thoughts about the character of our times. She said our age was scientific, practical, artistic, etc., and developed the reasons why. "America," she said, "can boast widely of her men who have contributed to the progress of civilization in making our nation what it is."

It was left for Clyde Cotton to play upon the heart strings of her audience with "The Mission of Music" for her subject. It was a beautiful collection of thoughts, she uttered, and her use of sentences quotations from men and literature exhibited considerable research. She showed the uses of music to be many, and that the rich and the poor were alike benefactors of its charms. Childhood, manhood, and age, are clothed and healed by music. In her conclusion she said, "The bride goes to her wedding, the workman to his shop, the kind old

man to his everlastine rest, each with his own appropriate music." Clyde Cotton, by his natural enthusiasm and the patriotic feeling that his oration awakened in the hearts of his hearers, carried off loud cheers after he had finished his oration. "A Typical American," ending with these rhythmic sentences: "Where did Shakespeare get his genius? Where did Mozart get his music? Whose hand wrote the lyrics of the Scottish plowman, and stayed the hand of the German priest? God, and God alone, and as surely as these were raised up by God, inspired of God was Abraham Lincoln, and a thousand years hence, no story, no tragedy, no epic poem, will be told with greater interest than that which tells of his life and death." He said that all the world has its ideals, its idols and its heroes, and that the greatest in American history was the man, the martyr, the hero, Lincoln.

The finishing touches in oratory were supplied by Grace Goling, valedictorian. Her thoughts bridged over the past and present, lingered as it were between the parting embrace of childhood and manhood, youth and age. Time rides on eagle wings, and to drive the sentiment home, she repeated, "Golden Years the passing by; Happy, happy, golden years; Oh, implore the minutes as they fly. The happy golden years."

His oration was punctuated with gratitude for the instructors, and as persons whose work and influence had helped the class to the present goal.

All of the graduates handled themselves admirably in delivering their speeches, and won for themselves the generous plaudits of the audience. The presentation of diplomas was made by H. W. Stewart, secretary of the board of education. His remarks were confined to drawing a clear distinction between education and scholarship, and showing that the latter should be the ultimate end of the former, but frequently not because of a lack of broad conceptions and aggressive thinking.

The class of 1930 speaks well for Prof. Mitchell and his assistant, Miss Cardwell, and the public as well as the graduates for their untiring efforts in bringing about so splendid results in education.

## SHERMAN COUNTY WET DOWN

BEST RAIN OF THE SPRING FELL THURSDAY.

Crops Were in Need of Rain, and Vegetation Will Grow Spring Forward Rapidly.

Sherman county is a happy wet, but she delights in it just the same. Rain began falling about 10 o'clock this morning (Thursday) and has continued at intervals all day.

It is estimated that about an inch or more of rain has fallen, which has been a great necessity, as the crops had begun to show the dry weather. All spring sowings will be in good condition, and the various kinds of crops will now take a leap forward and make the farmer, and everybody in general, happy once again.

## RAILROAD NOTES.

## TOLD IN A LINE.

The Conqueror.

He looked at me with pleading eyes. His ardent suit he pressed; My gentle "No" he would not hear, Nor let the subject rest.

He asked me one again and then, "Thought me one and over, Nor yet despaired, although my 'No' was firmer than before.

And still he pleaded urgently, With wiles of one who wins; I sighed and answered, "Yes,"—and lo! he bought my safety pins.

—Pack.

## MEMORIAL SERVICES SUNDAY

UNION MEETING HELD AT THE GRAND OPERA HOUSE.

Rev. A. R. Dodd Delivered a Patriotic and Stirring Sermon to an Appreciative Audience.

The union memorial services at the Grand opera house Sunday morning were a patriotic and enjoyable occasion. The music was furnished by a select choir, Miss Ethel Powers presiding at the piano. The hymns were "In the Cross of Christ I Glory," "Sure of My Soul, My Savior Dear," "America," and "Nearer, My God to Thee." The audience joined in the singing with apparent zest. Rev. J. E. Stevens read a psalm and Rev. R. A. Staley offered prayer.

Rev. A. R. Dodd, of the Congregational church, preached the sermon from Isaiah 43:1-6, "And I shall come to pass, when your children shall say unto you, 'What mean ye by these things?'" This scripture has reference to the Jewish Passover, and the Exodus from Egypt, upon which the speaker commented briefly, and made a very pertinent application.

The loyal Jew was intensively patriotic. The captain, a prisoner of war in Babylon, said: "If I forget thee, Jerusalem, let my right hand forget her cunning. If I do not remember thee, let my tongue cleave to the roof of my mouth."

"This day and the day to come," is a memorial of a great sacrifice and a great deliverance. A nation's tribute to its fallen and living heroes. It is a day of retrospection and glorious memories. We have three views in life. The prospect, the retrospect, and the present.

On Sunday, at luncheon, they were entertained at the Depot hotel by the social landlord, Mr. J. H. Posey. A very pleasant social time was enjoyed, to say nothing of the elegant menu.

To the People of Sherman County. I wish to inform the general public that I have just shipped in the finest three-year-old Jack that has ever brought into this part of the country, and also a good Shire stallion that weighs 1,600 pounds. I live in the county, and will continue to do so, and am always ready to stand back of every animal I sell. I am not connected in any way with the Jack and stallion trust. I buy my stuff direct from the breeder, and what profit I can make in handling these animals goes back to the people of the county, because I spend my money here. You will always have good cause to buy of me for a reason stated above. I am interested in the building up of the pure-bred stock industry in this county. It costs me no more to keep a good animal than it does a poor one. My Jack, which I am now showing to the farmers, is a stallion of the county, and has won anything to do with in this line. However, who have seen him say that he heads the list in Shire breeding. And I know that all persons interested in Jacks will be admirably surprised at what I have to show them. My stallion is a fine animal also, and one worth more money than I am asking for him. He belongs to a hardy stock and is a class of horse which breeding ought to be encouraged in Sherman county.

You can't afford to miss this chance, Mr. Jack and Stallion Man, see me at C. W. WILSON, Goodland, Kan.

## COMPETITION SUPPRESSED.

Gain Made Against Railroads in Report by Special Attorneys.

The report of the special attorneys to the Interstate commerce commission recommends that the attorney general of the United States take action to annul the contract between the great railroads of the far west and the Chicago & Alton railroad, which was virtually wrecked by the Harriman syndicate.

The most startling announcement in this report is "that railroad competition has been suppressed in an area equal to one-third of the United States," and "that the profits of the great railroads of the far west are being used to buy stocks and control systems in the east, instead of building more roads for the development of the west."

Yet after this exposure of the deals of Harriman and other railroad magnates they are indignant that the legislatures of the states included in the "area equal to one-third of the United States" should legislate to compel railroad corporations to charge reasonable rates instead of extracting vast sums from the public to secure stocks of eastern railroads. The fact that the attorney general of the United States needs prodding to protect the public interests shows that the chief reliance of the plundered people must be through their own direct representatives in their state legislatures, rather than the procrastinating action of federal officials.
